

7 Universal Laws

Taught for over 5,000 years from:
Ancient Egypt, Ancient Greece
Ancient India *and elsewhere all around the planet*

Universal Law 1

The Law of Mentalism

The Universe is '*mental*'

All is **MIND**

YOU *are mind*

Immutable Law

Universal Law 2

The Law of Correspondence

It's All Connected

There is no separation. The only difference is vibration

The same patterns from the macro down to the micro

Immutable Law

Universal Law 3

Law of Vibration

It's All Energy

Nothing rests. Everything
is in motion

The heartbeat that never stops

All have unique signature
frequency rates of vibration

Immutable Law

Universal Law 4

Law of Polarity *All is One*

Opposing but Complementary Forces

Duality in Physical and Mental Planes -
NOT in the Spiritual Planes

In the Bhagavad Gita it is said "**God resides above the opposites...**"
(paraphrasing)

Mutable Law

Universal Law 5

Law of Rhythm

Seeking True Balance
Pendulum swings *both*
ways equally

Is inevitable and
unavoidable - *think Karma*

Mutable Law

Universal Law 6

Law of Cause and Effect

Instant Manifestation in
Spiritual Planes

Lag to Physical Planes

Eventually, *cause* will project
the *effect* in the physical
planes

Mutable

Universal Law 7

The Law of Gender

Everything has magnetic poles
Everything has Masculine (Directive)
and Feminine (Creative)

In the Mental Planes:

Feminine Aspects: *Subconscious mind,
desires, emotions*

Masculine Aspects: *Conscious mind,
will, logic*

Mutable Law

Universal Laws

It's all MENTAL
It's All Connected
Everything is Energy

First Three = IMMUTABLE

Last Four = Mutable

Use the knowledge and wisdom you have gained from your explorations of the first three laws or truths, to overcome the last four and become one with your holy trinity; as you embody the first three.
